Why Choose CoronaKIT:

- o Practice "proper hand hygiene", the basic element for preventing transmission of Influenza and Coronavirus Disease (type COVID-19)
 - People are infected by droplets made when others cough, sneeze, or talk. Wash your hands with soap and water whenever possible.
 - If soap and water are not available, use a hand sanitizer with at least 60% alcohol
 - Hand sanitizers include: Alcohol-based wipes & Alcohol-based gel hand rubs.
 - Drink plenty of hot water or hot tea. Also, rinse your mouth frequently.
 - Keep personal protection products with you at all times (Work, Office, Church, Car, Traveling, etc.)
